Maintenance Plans

A monthly payment scheme that covers your essential dental maintenance. The range is from £12 – £35 per month depending on your dental maintenance requirement. This scheme covers exams, hygiene and x-rays as well as a 10% discount on routine treatment costs (does not cover laboratory fees)

Cancellation of appointments

Patients are requested to give at least 24 hours' notice to cancel appointments. Cancellations should be made by telephone on: 01275 852143 or by e-mail to: info@dentalcarenailsea.co.uk

We aim to phone or write to patients after a missed appointment to rebook and to understand what happened. There may be a fee for private (including Plan) appointments that are missed with less than 24 hours' notice, based on the length of the appointment.

If multiple NHS appointments are missed with less than 24 hours' notice, we do not guarantee being able to complete a patient's NHS treatment or offer them NHS treatment in the future.

Appeals about missed appointment decisions should be made in writing to the Practice Manager.

Payments

Private patients are required to pay for their treatment at each visit. We will give a rough estimate where a precise cost cannot be determined in advance (e.g. laboratory work) and will give advice of any additional costs where appropriate. You can talk to a staff member who can explain clearly what payments are due and what for and discuss available payment methods.
